2026

New Ground

The year a medical center opened, a classroom block was finished, and the work put down deeper roots.

Angie Simon

Tom Eggum, Founder and President

Presented to the Board of Directors · Phoenix, Arizona

1

first year leading H4KI as Executive Director, after 20 years with the organization

"August was the largest giving month in our history, and we grieved with partners in three countries."

Angie Simon
Executive Director

This is my first year leading Hope 4 Kids International as Executive Director, after twenty years of serving alongside you. Our theme for 2026 was expanding partnerships, strategic alliances and growth focused on long term sustainability, especially in Child Sponsorship and operating support for the Eggum Family Medical Center.

On April 10 and 11 the medical center opened its doors to the community. In August we received close to $1 million, the highest giving month in our history, including the largest single day of giving we have ever seen. In September our first team traveled to Cambodia alongside the Philippines team.

It was also a season of sorrow. Devastating flooding in Nepal brought tremendous loss to a country we have come to love. Our church partners in Mexico walked through a heartbreaking tragedy, and we stood with them in prayer and support. And we lost Pastor Neri Francisco of Ministerios Belen, our longtime partner in Guatemala. Our partnerships around the world are about so much more than buildings. They are relationships built over many years.

We have much to be thankful for, much to look forward to, and most importantly, many more lives to impact together.

Angie Simon

75

years old on August 22, the first Founder's Day

"Training ministers was our first mission, and the Ministry Training Center is going up."

Tom Eggum
Founder and President

Going into 2026 I said it would be our best year yet. You made it so. On my 75th birthday we held the first ever Founder's Day, and together you gave about $66,000 toward the operations of the Eggum Family Medical Center.

Training ministers fulfills the mission this ministry began with. Through our partnership with TLI, a cohort of 33 pastors began training this year, and the Ministry Training Center is under construction on our campus in Uganda. I shared our story from pulpits across the country this spring, including my home church.

After the summer Uganda trips had to be canceled during the Ebola outbreak, Uganda has been declared Ebola free and our November team is going. Thank you for standing with us through a hard season and a record one, often in the same month.

Tom Eggum
Tom Eggum, Founder and President

10

countries where partners carried the work in 2026

“Uganda is home base; nine more countries share the same four pillars.”

Uganda	H4KI campus, Eggum Family Medical Center, Brandom Vocational Skills Center, Adopt A Village schools (Watson, Kasolo Musana, Nyafumba), Ministry Training Center, wells, Food 4 Kids
Philippines	5 homes and a solar power system completed; nursery school patio roof fundraising; water program relaunch; child sponsorship; September team
Cambodia	15th well with Rock Foundation; partners adding child sponsorship; first team trip Sept 2026
Nepal	Saraswati Basic School phases 2 and 3; 150 water filtration systems; large scale water project starting; devastating flooding in 2026
Romania	ASA Community Center; record Bible Summer Camp support; summer team
Guatemala	Home for Gustavo; 75 water filtration systems; May team; longtime partner Ministerios Belen (Pastor Neri Francisco passed away in 2026)
Mexico	Food boxes for 100 families; soup kitchen support; church roof funded; crisis relief church van; July VBS team; church partners walking through a heartbreaking tragedy
Namibia	Tandere Soup Kitchen; boarding facility hot water and solar; food shipment program
Kenya	Medical center health; radio talks reach western Kenya. 2025 graduates included Kenya.
India	India Projects expenses of $10,164 Jan to Apr 2026; no program detail in sources.

Sources: May 2026 board packet; Q3 2026 board update. Kenya and India confirmed by Travis Oct 5 2026. Liberia appears on the P&L with $0 activity and is left out.

4

trips completed by May 28, with seven more planned

“Counts are as of May; two Uganda trips did not go, and November's team is set to depart.”

Amy Bista
VP of Child Development and International Teams

GOAL — December 2025 minutes; May 2026 packet

A crisis plan and better trip information for team members; 100 children sponsored a year through Team Member Ambassadors.

ACTUAL — May 2026 packet; Q3 2026 update

4 trips and **49** team members by May 28. Summer trips to Romania, Guatemala and Mexico went; the June and July Uganda trips were postponed and canceled during the Ebola outbreak.

NEXT — 2027, signed below

July Uganda, a university medical trip and an April Dress a Girl trip; a 2027 Uganda trip for college students.

Who went

By May 28 four trips were complete and 49 team members had served, with seven more trips planned. The May Guatemala and July Uganda trips filled so fast that we created a waitlist. Summer trips to Romania and Guatemala went well, a church youth group took its first trip with us, and a July Vacation Bible School team served in Mexico.

A different response

When the U.S. State Department raised Uganda's travel advisory to Level 4 during an Ebola outbreak, we and our partners jointly decided to postpone the June trip with Orange Lutheran High School, and the July trip was canceled under insurance restrictions. We have run Uganda trips through earlier outbreaks; this one called for a different response. Uganda has since been declared Ebola free and the November team is set to depart.

Romania, May 2026: four girls wrap a team member in a group hug at a partner kids program.

Mexico, July 2026: about fifty children, youth, local staff and team members under the soccer camp banner. Guatemala, 2026: the team looks out toward the volcanoes at the end of a day.

New ground

In September our first team traveled to Cambodia, combined with the Philippines trip. Pharmacy students on the Guatemala trip are building a research project from their experience, and Nina joined the Teams staff in January.

Amy Bista
Amy Bista, VP of Child Development and International Teams

Sources: May 2026 board packet (Teams report); Q3 2026 board update; September 2026 ministry update. Trip and team counts are as of May 28, 2026. Partners this year: St. John Fisher College, Orange Lutheran High School, Chester Methodist Church youth group

$4,028,186

given through the third quarter update, interim and unaudited

"Giving is running ahead of last year and ahead of budget; nothing here is audited yet."

Teresa Griffin
Financial Director

GOAL — May 2026 packet, budget vs actual

2026 budget: contribution income of about $1.70M for January to April, with net income of **$37,425** for the period.

ACTUAL — May 2026 packet; Q3 2026 update

$1.93M contribution income January to April, 13.5% over budget; net income **$89,692**. **$4,028,186** given by the Q3 update, up $590,664 on 2025.

NEXT — 2027, signed below

Final 2026 statements after year end; confirm the full year program ratio from the 2025 Form 990 or audit before it prints.

SCORECARD, INTERIM AND UNAUDITED	FIGURE	AGAINST BUDGET OR PRIOR YEAR
Contribution income, Jan to Apr	**$1,933,287**	13.5% over budget
Net income, Jan to Apr	**$89,692**	vs $37,425 budgeted
Total assets, Apr 30	**$1.81M**	up 16% on a year earlier
Net assets, Apr 30	**$1.58M**	up 17% on a year earlier
Total liabilities, Apr 30	**$224,832**	mostly the office lease
Endowed funds at ACF, Mar 31	**$691,463**	three named funds and a reserve

What drove growth

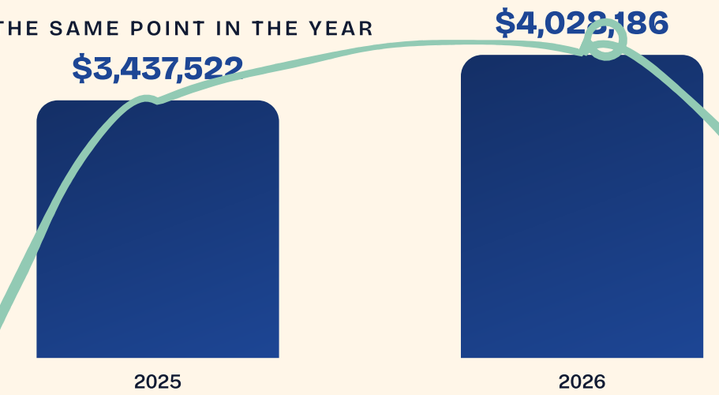
Restricted project giving, especially for Uganda: capital projects ran $119,110 over budget and the medical clinic $29,012 over. Admin came in $54,824 under budget and fundraising $14,641 under, January to April.

Two changes this year

From January 2026 we take annual distributions from the Kathryn Hildebrand and Gianna Santiago scholarship funds. Sponsorship now covers $1 to $2 per child in Uganda for health checkups, about $40,000 a year toward medical center operations.

Teresa Griffin
Teresa Griffin, Financial Director

GIVING AT THE SAME POINT IN THE YEAR



2025 figure derived: $4,028,186 less the $590,664 increase reported in the Q3 update.

EXPENSES, JAN TO APR	SHARE	AMOUNT
Program	**66.6%**	$1,238,065
Management and administration	**32.8%**	$610,027
Fundraising	**0.6%**	$11,509

January to April only. Admin costs land evenly while program spending is lumpy, so this is not a full year picture.

ENDOWED FUNDS AT ACF, MAR 31	BALANCE
Primary Endowment Fund	**$273,622**
Gianna Santiago Scholarship Fund	**$247,629**
Kathryn Hildebrand Fund	**$170,212**
Reserve Fund	**$36,981**

Plus a separate ACF reserve; total with reserve $728,444.

Sources: May 2026 board packet (budget vs actual and P&L January to April 2026, balance sheet at April 30 2026, Arizona Community Foundation statement at March 31 2026); Q3 2026 board update. All figures interim and unaudited. This content is for informational purposes only and does not constitute legal or financial advice. Consult a qualified professional.

17

children whose urgent medical needs were fully covered in June and July

“Every urgent need we knew of was funded; the count of children in the program stays pending.”

Amy Bista
VP of Child Development and International Teams

GOAL — December 2025 minutes; May 2026 packet

Campaign theme 'This is Your Year to Change a Life'; 100 children sponsored a year through Team Member Ambassadors; preventive health checkups for every LPA student.

ACTUAL — May 2026 packet; Q3 2026 update

17 urgent medical needs covered. **22** vocational students funded by one gift. **$28,902** for higher education. Program count: **Pending**.

NEXT — 2027, signed below

Sponsorship with both new partners in Cambodia; next year's baby class at three primary schools; the Tororo Girls' School partnership.

Health first

Preventive health checkups were completed for every student at LPA and follow up needs are being addressed. Except for a handful of pending LPA students, funds were raised for every child with an urgent medical need. Staff who work directly with children in Uganda received trauma and abuse training through a partnership with Mending the Soul.

Growing the program

Both new local partners in Cambodia are moving forward with child sponsorship. The Uganda team is already interviewing and enrolling next year's baby class at three primary schools. A partnership with Tororo Girls' School holds 60 places for H4KI sponsored girls at half tuition and boarding, in exchange for a campus water project.

Amy Bista
Amy Bista, VP of Child Development and International Teams

Uganda, April 2026: women gather under a canopy as a new dress is held up.

Uganda, April 2026: a couple at the doorway of their home.

Beyond primary school

One generous gift covered vocational training for 22 students without individual sponsors. The higher education campaign raised $28,902: three years for one university student and more than a first year for five more. We secured a discount for some university students and are exploring a partnership for older students moving into adulthood

2,704 children at end of 2025, 2026 pending

166.5 volunteer hours, Jan to Apr

$17,900 Romania Bible camp, a record

$39 a month sponsors a child

Sources: May 2026 board packet (Sponsorship report); Q3 2026 board update. No child's photo prints on this spread (house rule). The 2,704 count is December 2025. 'LPA' is spelled out before print.

4

classroom block completed at Watson Primary School this year

“The classroom block is finished, the latrines and library are next, and the coffee is paying for it.”

An agriculture class in the school's field, July 2026.

GOAL — May 2026 packet

Watson: break ground on 3 latrines, pavers and a library and administration block; coffee and banana cash crops to support the school.

ACTUAL — Q3 2026 update; May 2026 packet

New **4** classroom block completed. Latrines, pavers and the library block are in preparation. The coffee and banana crops are thriving.

NEXT — 2027, signed below

Watson latrines and library block; the Automotive Mechanics launch at Brandom; bridge programs for graduates.

Across our schools

Every LPA student passed the P7 exam and every Fairmont student passed the S4 exam. Constant Emokor joined as Education Manager in Uganda. At Kasolo, the Musana Primary School dining shade is complete and a three classroom block is under construction; at Nyafumba we are designing a boarding section for P6 and P7. In Nepal the second phase of Saraswati Basic School was dedicated in March and the third phase funded in April.

Brandom Vocational Skills Center

87 students graduated in July. A new Automotive Mechanics program is fully funded by a $101,000 gift from the Morgan Family Foundation, with a consultant building the plan. We are assessing the next vocational program, including possibly accepting paying students, and researching bridge programs for graduates entering the working world.

Brandom graduates, June 2026.

Amy Bista

Sources: Q3 2026 board update; May 2026 board packet (Sponsorship and Projects reports). '4 classroom block' is the Q3 Amy Bista / Program Development (F52) entry, not the earlier Teams before past tense prints (F27). No child's face prints on a spread that names a school.

~350

patients served at the two day opening camp, April 10 and 11

"We opened to the community in April, licensed, staffed, and already seeing hundreds of patients."

Josh Pfeiffer
Director of Health Services

GOAL — December 2025 minutes

Finish licensing and registering the center and its equipment; baseline health exams for all sponsored children; open to the public; explore partnerships.

ACTUAL — May 2026 packet; Q3 2026 update

Licensed. Opened April 10 and 11 with **~350** patients, then **~175** at the Sesera outreach. Screenings done for every LPA child. Electronic records live. Partnering with area hospitals.

NEXT — 2027, signed below

A weekly health education radio program; registration as an official immunization site; screenings for sponsored children at other schools.

The first months

The Eggum Family Medical Center received its official license to operate and opened to the community with a two day medical camp serving about 350 patients, followed by about 175 at the Sesera outreach. Paper records were replaced with an electronic medical record system so no child falls through the cracks. We hired a lab technician and a full time radiographer for X ray and ultrasound.

Equipment and community

New equipment includes an immunoassay analyzer, a water bath for blood bank requirements and a phototherapy bed for newborn referrals. A new borehole for the surrounding villages builds trust and referrals, and radio health talks now reach eastern Uganda and western Kenya. The first Founder's Day raised about $66,000 for operations, sponsorship health checkups add about $40,000 a year, and a hospital donated $2,700 in supplies.

Josh Pfeiffer

3

years a sponsored boy
waited for heart surgery

“This year the surgery happened. The rest of his story is his family's to tell, with consent.”

A long wait

Zhyran is a sponsored child in the Philippines. He waited almost three years for heart surgery. In 2026 he had it, and it was a success.

What we know and what we do not

That is everything the board reports say, and it is enough to stop and give thanks. Before this page prints we need his family's consent to use his first name and photo, and we would like to know his age, when he was sponsored, what the wait was like, who funded the surgery and how he is doing now. A line from Zhyran, a parent or our Philippines partner would carry this page.

If consent does not come

Two other stories are ready: a university student sponsored for three years through the higher education campaign, and Home for Waterman, a July team project in Uganda.

Amy Bista

Amy Bista, VP of Child Development and International Teams

Consent, details and a quote pending

Sources: May 2026 board packet (Sponsorship report). Name and details pending family consent; first name only, no school or town. Photo is a 2025 Philippines landscape, since no 2026 Philippines frames exist (F21).

89

wells funded so far in 2026

"We funded 89 wells by the third quarter, and drilling ran ahead of last year through May."

Laura Mills
Water 4 Kids International Director

GOAL — December 2025 minutes; May 2026 packet

5 wells for World Water Day at $52,500; 150 filtration systems for Nepal and 75 for Guatemala; large scale water for Tororo Girls' School.

ACTUAL — May 2026 packet; Q3 2026 update

89 wells funded so far in 2026. World Water Day raised **$109,563** and funded 10 wells after a match. **44 drilled** by May 19, ahead of 31 in 2025. Tororo underway with a $299,000 foundation gift.

NEXT — 2027, signed below

Finish Tororo Girls' School and begin Masindi Centre for the Handicapped; deep wells in Uganda from this year's $250,000 gift; a Philippines deep well; Nepal's next large scale project.

Wells

By May 19 we had drilled 44 wells for the year, ahead of the 31 drilled by the same point in 2025. For World Water Day our goal was 5 wells at $52,500; a generous match covered 5 more, and the campaign raised $109,563, funding 10 wells. An unexpected $250,000 gift will fund deep water wells in Uganda.

Large scale projects

The campus wastewater and soak pit project is complete, and Katerema Secondary School's 1,175 students have a large scale water project. Tororo Girls' Secondary School, with 2,300 boarders, is underway, and the Masindi Centre for the Handicapped has been assessed with budgets in progress.

A filter bucket changes hands in Nepal, March 2026. One of 150 that traveled with the team.

Guatemala, June 2026: a filter installed on a family porch. Cambodia: schoolchildren at a hand pump with Rock Foundation, our partner there. Undated partner photo.

Beyond Uganda

We completed our 15th well in Cambodia with Rock Foundation. Teams carried 150 filtration systems to Nepal and 75 to Guatemala. In the Philippines the water program is relaunching with a deep well site identified.

6 Walk 4 Water events, Jan to May

753 walkers

$115,700 raised, gross

11 wells funded by walks

Sources: May 2026 board packet (Water 4 Kids report); Q3 2026 board update. Wells funded, drilled and sponsored are different counts and are never added. The cumulative count of 1,397 is pending confirmation. Walk 4 Water figures are January to May; a Q3 walk in Lorton, VA funded 5 more wells.

new Ambassadors joined the relaunched program

"We built a corporate sponsorship program, relaunched Ambassadors and put H4KI on four campuses."

Jenny Herzog
VP of Global Engagement

GOAL — May 2026 packet

Build a tiered Corporate Sponsorship program with flyers, video and a giving menu; relaunch Ambassadors; grow campus partnerships.

ACTUAL — May 2026 packet; Q3 2026 update

13 corporate sponsorship options created; **25** new Ambassadors and a Difference Maker Kit; **17** GoFundMe campaigns; partnerships with ASU, GCU, St. John Fisher and Scholars Academy.

NEXT — 2027, signed below

Sign the first corporate sponsorship partners; a 2027 Uganda trip designed for college students and faculty.

Corporate and campus

We built a tiered Corporate Sponsorship program for vocational, medical, Food 4 Kids and Water 4 Kids, with flyers, video testimonials and a giving menu. Campus partnerships with Arizona State University, Grand Canyon University, St. John Fisher and Scholars Academy are growing, and a 2027 Uganda trip is designed for college students.

Ambassadors and the wider circle

The Ambassador program relaunched with missions that help spread the word about key campaigns. A supporter led community drive collected more than 1,500 essential items and sponsored 6 girls. A presentation at St. Matthew's Lutheran Church in Virginia raised $7,750 for Namibia, and a national women's Christian magazine published a story about finding purpose on an H4KI Uganda trip.

$976K

given in August 2026, the highest month in H4KI history

"A record month, a record day, and a new giving platform with Apple Pay, all in one quarter."

Mark Sorensen

Senior Development Director

GOAL — May 2026 packet; Q3 2026 update

Move to a new supporter database by October 1; a next generation strategy on Instagram, TikTok and YouTube Shorts; promote Smart Giving options.

ACTUAL — September 2026 update; Q3 2026 update

$976K in August and a **$536,000+** day. Database move to DonorPerfect and Givecloud completed with easier online giving and Apple Pay. **$35,700** of Founder's Day came through Development's calls.

NEXT — 2027, signed below

The year end campaign; a Next Gen Council and a Legacy Family Program; explore the Google Ad Grant of up to $10,000 a month.

What changed

We moved to a new supporter database, making online giving easier and adding Apple Pay. Personal thank you calls went to partners for Founder's Day and Crisis Relief, and we updated H4KI's profile on GuideStar/Candid. More partners now give through IRA charitable distributions, stock, donor advised funds and estate plans; FreeWill estate planning was promoted during August's Make A Will Month.

Next generation

The strategy is cause first messaging on Instagram, TikTok and YouTube Shorts, a Next Gen Council, and giving options younger supporters use: recurring gifts, QR codes, text to give, stock and donor advised funds. We use AI tools, including Claude, to strengthen H4KI and W4KI web content.

2027

"Every Next column in this report, gathered on one page and signed."

In December 2025 the leadership team's goals for 2026 were recorded in the board minutes. Each program spread in this report compares that goal with what happened. Here is what each department is working toward in 2027, in the order the sections appear, signed by its author.

06 **Mission Teams: Serving Together** — *Amy Bista*
July Uganda, a university medical trip and an April Dress a Girl trip; a 2027 Uganda trip for college students.

07 **Financial Stewardship** — *Teresa Griffin*
Final 2026 statements after year end; confirm the full year program ratio from the 2025 Form 990 or audit before it prints.

08 **Child Sponsorship** — *Amy Bista*
Sponsorship with both new partners in Cambodia; next year's baby class at three primary schools; the Tororo Girls' School partnership.

09 **Education: Watson Primary School** — *Amy Bista*
Watson latrines and library block; the Automotive Mechanics launch at Brandom; bridge programs for graduates.

10 **Health Services: Life-Saving Care** — *Josh Pfeiffer*
A weekly health education radio program; registration as an official immunization site; screenings for sponsored children at other schools.

12 **Water 4 Kids International: Clean, Safe Water** — *Laura Mills*
Finish Tororo Girls' School and begin Masindi Centre for the Handicapped; deep wells in Uganda from this year's $250,000 gift; a Philippines deep well; Nepal's next large scale project.

13 **Global Engagement** — *Jenny Herzog*
Sign the first corporate sponsorship partners; a 2027 Uganda trip designed for college students and faculty.

14 **Projects** — *Kelley Pierce*
Complete the Ministry Training Center and Student Chapel phase 2; the computer lab, Fairmont drainage and the Nyafumba boarding section; a Philippines patio roof and a Romania sewing center.

15 **Marketing and Development** — *Mark Sorensen*
The year end campaign; a Next Gen Council and a Legacy Family Program; explore the Google Ad Grant of up to $10,000 a month.

Board and governance — *Leadership*
Hope 4 Kids International's Board of Directors serves as an advisory board and is seeking additional members. The year end board meeting is December 4, 2026 at the Anthem Civic Center. The Executive Director leads the staff and reports to the Founder and President.

4

pillars, held together: Dignity, Health, Joy and Love

"Because of you, a medical center opened, crews broke ground, drillers reached water and classrooms filled."

Because of you...

$4,028,186 given by partners so far in 2026

89 wells funded in 2026

87 Brandom Vocational Skills Center graduates

753 people walked for water

80+ friends gathered to feed kids in January

25 new Ambassadors joined the mission

$66,000 given on the first Founder's Day

To the churches, schools and colleges, field and ministry partners, foundations and supporter families who stood with H4KI in 2026: thank you. We name organizations here, never individuals.

Partner organizations, 2026

Morgan Family Foundation
Lee Family Foundation
Northgate Christian Fellowship
